48-11-1833
48-11-1833 18v Li-Ion Charger and Battery Multi Pack
Milwaukee
Li-Ion Charger and Battery Multi Pack.
Includes 1 charger for Milwaukee Lithium-Ion batteries and 2 18v Lithium-Ion batteries to upgrade your 18v Ni-Cad powered Milwaukee tools to the advantages of Li-Ion power.
NOTE: Not for use with tools 1108, 3108, 5364, and 6516.
List Price - \$398.00
\$229.95

48-11-1830
48-11-1830 18V Lithium-Ion Battery
Milwaukee
Milwaukee's V18™ battery offers longer run-time and lighter weight than a standard 18V NiCd battery. Unique Li-ion chemistry and intelligent technology allows the V18 battery to deliver fade-free power until end of discharge. Also this battery has superior cold weather performance which can be used down to -4°F (-20°C).
NOTE: Not for use with tools 1108, 3108, 5364, and 6516.
Battery requires Li-ion/NiCd Charger 48-59-2818

48-11-2830 28v Lithium Ion Battery
Milwaukee
FEATURES
Fuel Gauge
Non-slip grip surface
Born-on-date and performance optimizing circuit
2-year manufacturers warranty
Eco-friendly
28 volt Lithium-Ion battery packs power the entire Milwaukee V28™ System of power tools. The V28™ Lithium-Ion battery pack offers up to twice the run-time of an 18V NiCd or NiMH pack and is actually lighter than 18V NiCd and NiMH packs! Lithium-Ion technology allows consistent fade-free power - meaning the first cut is as powerful as the last. V28™ Lithium-Ion battery packs will never develop a memory and can be charged at any time regardless of the pack's current charge level! Press the 'fuel gauge' button and LED indicators display remaining charge left in the pack, providing an ideal way to check the state of the pack before you climb onto a roof or up a ladder.
